

URGENT Red ALERT....URGENT Red ALERT....

Your status has changed. Our records show your last minimum order was placed in February. You are now at "T" status. This means it has been 6 months or more since your last minimum \$200 wholesale order.

During "T" status, you will no longer receive mailings from Mary Kay Inc. and team members will no longer be personal recruits. As a valued unit member you will continue to receive the newsletter monthly and new information quarterly until your consultant status expires. You can become an active consultant by placing a minimum \$200 wholesale/\$400 retail order. Placing a minimum order in August will earn you the 50% discount from August thru October and will enable you to retain any team members.

Please let me know how I can support you in your Mary Kay business.
