

Jen's Pedicure Party

Checklist for party:

1 bucket per guest

1 hand towel per guest

frangrances and spa product

washclothes

miracle set, satin lips, microdermabrasion, 1 ivory and 1 bronze foundation

look books and sales tickets

“did you know” sheets

prizes

- Have guest fill out profile card as soon as they arrive. They can also use this time to get snacks and drinks.
- When everyone has arrived, have them begin by “soaking” their feet. You can use either a tablet of mint fizzie or a drop of the wash and shave to create aroma. You can also put marbles in the bottom of the tub so they can rub their feet on them, acting like a massage for their feet.
- While they have their feet soaking you can do a “facial on the hand” (be sure to have them only use one hand) including the miracle set. Have them put foundation on both hands so that they can see the benefits of using skin care. They can try to wash their hands but will have a hard time getting the foundation off the hand that didn't have skin care. They can also try the microdermabrasion on the elbow and satin lips.

- Next have them take their feet out and put Extra Emollient night cream on both feet and wrap feet in plastic bag and put back in the water. You can use this time to pass around the fragrances and spa products and tell your I-story. They will soak again for about 2-3 minutes and then take feet out of the bag. They will choose a scrub or body cleanser to use and scrub feet, then wash off. (be sure to have them also do their hands during this time)
- Follow drying their feet they can choose a lotion of their choice and/or body spritzer
- Pass out books and tickets. Be sure to tell prices and payment options. Also, let them know about options of receiving free product (booking opportunities).
